Join us as mom's and tween girl's draw closer to each other and closer to the Lord. We will celebrate who God created you to be in such a fun and informational way. One of the best ways to help a girl avoid future pain and find freedom early is by giving them the opportunity for parent-child connectedness. Spending mother-daughter time helps reduce the risk of all the things your mother's heart fears! True Girl live events and resources teach tween girls about true beauty, modesty, and their worth in Christ. We'll celebrate who God made you to be.

The tour team travels to approximately 90 cities each year.
